ABOUT OUR PRODUCTS

Duco products supplies is the industry's only integrated drilling services and products provider, combining 24-hour engineering excellence, global manufacturing facilities and the most experienced drilling services group in the business. Our customers rely on our unique ability to develop, field test, and deliver any combination of drilling consumables, capital equipment, and expertise direct to any corner of the world.

Exploration Drilling Products

duco drilling supplies is globally recognized as the leader in exploration drilling technology. From the rig to the drill string to the record-breaking Stage3 diamond coring bit at the bottom of the hole, our customers trust us to deliver the most innovative, advanced, and complete solution available.

DIAMOND PRODUCTS

- Surface set bits
- Impregnated bits
- Reamers
- Casing shoes
- PCD bits
- Carbon bits

WIREFINE COMPONENTS

- Core barrel assemblies
- Water swivels and hoisting plugs
- Subs and adaptors
- Overshots and recovery tools
- Wrenches

RODS AND CASING

- Q® and Patented RQ® Drill Threads
- Coring Rod
- Casing

RC CONSUMABLES

- Rod
- Swivels
- Swivel Accessories
- Subs

EXPLORATION DRILLING RIGS

- Surface core drills
- Underground core drills
- Multi-purpose drills
- Reverse circulation drills

Category

- Additives and lubricants
- Boosters & Compressors
- Diamond tools
- Drill rigs & parts
- Drill rigs and support vehicles
- Drill rods and casings
- Drilling accessories
- DTH hammers and bits
- Filtering
- Geotechnical
- Hydraulic
- In hole tools
- Miscellaneous
- Mud pumps & parts
- RC equipment
- Tools

ABOUT OUR PRODUCTS

In addition to our exploration drilling technology, DUCO also engineers and manufactures world-class drill rigs and consumables for construction, overburden and percussive drilling.

Construction Drill Rigs

- DeltaBase® Site investigation and sampling drills
- DeltaBase® Multi-purpose drills
- DeltaBase® Foundation and construction drills

Construction Drilling Consumables

- DeltaTools™ rods and casing
- DeltaTools™ Bits and casing shoes
- DeltaTools™ Jet grouting tools

Percussive

- Production drill rigs
- Rock drills and breakers
- HRT consumables
Threaded bits, rods, couplings, and shank adaptors
Tapered bits and rods
Integral drill steel
Down the hole hammer bits

Aftermarket Support

- Genuine spare parts
- Spare parts kits
- First-aid drill repair boxes
- Maintenance programs

CORE BARREL OVERVIEW

HISTORY

DUCO Drilling Supply was founded in 2006, by Mr. Marc Ducharme. President of DUCO, he has over 45 years of experience in the mining industry in national and international markets.

His field expertise and drilling knowledge is appreciated worldwide when it comes to assisting in all kinds of projects.

Since its incorporation, DUCO has experienced a strong growth and has enlarged their access to market, both nationally and internationally. As known exporters by Transport Canada, it is in more than 100 countries that DUCO products are being used to drill.

Primarily focused in the drilling exploration market, DUCO has built value added services for RC and Core Drilling markets. His two sons, Alex and Simon, have been following his footsteps for the past decade and will ensure the future of DUCO.

Over the years, DUCO has built a strong reputation, and enlarged their product offering and services to all continents, thanks to a solid and dynamic team that is in place for future generations to come.

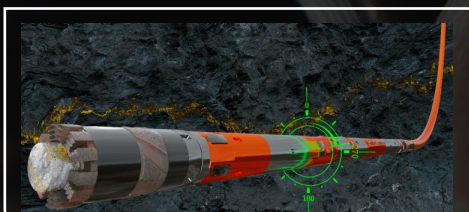

10

DUCO introduced the original wireline core retrieval system

Launched improved, patented Q[®] Wireline system

Introduced Thin Kerf (QTK) to the Q[®] Wireline system
